AMS PY-INSTRUCTION NO. 910  
(Poultry Grading)-1

SUPPLEMENT NO. 2

ACTION BY: Area Grading Supervisors  
Federal-State Supervisors  
Poultry Graders

ADDITIONS TO AMS PY-INSTRUCTION NO. 910, INSTRUCTIONS TO  
POULTRY GRADERS AND POULTRY PLANT SANITARIANS (MARCH 1955)

I PURPOSE

The purpose of this Supplement is to amend AMS PY-Instruction No. 910 (Poultry Grading)-1, issued March 1955.

II GENERAL

In addition to the exception contained in the second paragraph of XVIII to the Standard Charges, there is another exception contained in §70.133, namely, ".....where more than one lot of product is involved in a single grading for contract acceptance of products to be delivered to an individual receiver the charge for examining each lot in excess of one may be based on the time required at the rate specified in §70.131 (b)."

Since "lot" has a specific meaning, it is necessary to make a charge for each class of poultry except when the class differences are based on weight, for example, on a delivery consisting of the following products to one institution from one dealer all graded on one trip the charges would be as indicated:

	Fowl	600 lbs.	\$1.00
	Capons	100 lbs.	\$1.00
Largest lot charge equals or exceeds lot charge -- class difference due to weight	) Fryers	600 lbs.	
	) Broilers	600 lbs.	\$4.00
	) Roasters	600 lbs.	
Class difference due to weight	) 12/14 Turkeys	200 lbs.	
	) 14/16 Turkeys	200 lbs.	\$1.00
First charge on lot of shell eggs must equal or exceed lot charges	) Shell Eggs-Large	30 cases	\$4.00
	) Shell Eggs-Medium	20 cases	\$1.00

AMS PY-INSTRUCTION NO. 910  
(Poultry Grading)-1

SUPPLEMENT NO. 2

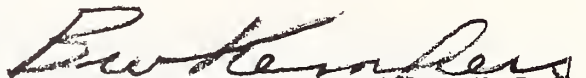

ADDITIONS TO AMS PY-INSTRUCTION NO. 910, INSTRUCTIONS TO  
POULTRY GRADERS AND POULTRY PLANT SANITARIANS (MARCH 1955)

II - Continued

Frozen Yolks	5-30# cans	\$1.00
Total Fee		<u>\$13.00</u>
Expense (10 miles @ 7¢ plus 10%)		0.77
Total		<u>\$13.77</u>

FEE CHARGE FOR EACH CLASS AND TYPE MUST BE ITEMIZED.

§70.133 does not specifically cover poultry parts or products made from poultry such as turkey logs. It is therefore necessary that charges to cover costs of performing grading service on such products, on a fee basis, be based on time and charged on the hourly rate.
